

## The Aim of the ISOGO International Lounge

We create a safe space where children can feel like they belong, and a place that supports their studies. Our dream is to ensure that children are always a part of the local community, and to develop the abilities of young people raised in Isogo as members of the community.

We also aim for foreign residents to participate in various local activities, and to have them be active as members of the community. To that end, we create many opportunities for people to interact in our community, starting by creating chances for them to get to know each other.

We often go out of the lounge and interact with the community, so we would love to hear your opinions on what activities you would like to see.

### Inquiry Counter

We can answer questions about life in Japan for foreign residents, in a variety of languages.

### Information Service

We provide useful information on life in Japan for foreign residents, in a variety of languages. We also distribute a "Welcome Kit" that gathers information for those who have moved to Isogo Ward.

### Learning Support for Children

We support the studies of foreign children who want to learn Japanese by partnering with schools and local communities so they can enjoy their Japanese studies.

### Japanese Lessons

We introduce Japanese lessons that suit the needs of people who want to learn Japanese.

### Use of Multipurpose Space

Citizens who are engaged in work related to multiculturalism can use this space by registering. Feel free to use it if you are interested.
